Dear Governor Engler:

It is my privilege to submit to you the 2000 Michigan State Police Annual Report. The activities and major accomplishments contained in this report reflect the quality and dedication of the members of the Michigan State Police.

During 2000, the department continued its leadership in the public safety sector through progressive investigative and enforcement practices. The continual development of partnerships with federal and local public safety agencies serves as a cornerstone of our efforts to improve services to local communities. This will enable public safety agencies to quickly respond to emerging criminal activities and the changing needs of our communities.

Thank you for your support and assistance during 2000. We look forward to the opportunities and challenges of improving the collective efforts of Michigan's public safety system.

Sincerely,

DIRECTOR
